

Dr Santi's Story

A practical system for reading, leadership,
life-long learning, and family literacy.

VISUAL DNA / EMERALD + CREAM + ROUNDED SANS + LIBRARY WARMTH

The brand is a warm learning platform — not only a speaker profile.

The colour combines literacy, parenting, leadership, books, rituals, and practical resources. The identity should feel knowledgeable but lived-in.

READING

Culture, ritual, books

CARE

Parents, children, community

LEADERSHIP

Lifelong learning, perspective

Design implication: one system must serve parents, schools, and wider learning audiences.

Cultured, caring, and usefully specific.

- | | | |
|----|------------------|---|
| 01 | CURIOUS | Show books, notes, references, and better questions. |
| 02 | NURTURING | Use welcoming language, warm photography, practical guidance. |
| 03 | CREDIBLE | Support expertise with proof points and precise claims. |
| 04 | PRACTICAL | Turn ideas into rituals, checklists, and next steps. |

Positioning working version: build a stronger reading culture through thoughtful ideas, practical rituals, and meaningful conversation.

Emerald is the anchor; cream makes space for thought.

The ratecard already owns a distinctive emerald-green world. Preserve it, then standardize its roles so the palette stays recognizable and accessible.

PRIMARY EMERALD

#21866F

Brand field, headings, CTA

FOREST

#1F5B4C

Premium, authority

WARM CREAM

#F4F0E7

Canvas, long-form reading

TAUPE

#B3977A

Refined neutral

GOLD

#F1C24B

Ritual marker, highlight

CORAL

#E45B4B

Human energy, small accent

Rounded sans for approachability; editorial contrast for depth.

Keep the ratecard's friendly geometric sans as the primary voice. Add a restrained serif only for reflective quotes or longer editorial essays.

Rounded geometric sans

Nunito Sans / DM Sans / similar

Aa

Editorial accent
Readable serif

Source Serif 4 / Georgia

Type rules: sentence case • one thought per headline • 16-18 px body on web • generous line-height • bold for proof or action, not decoration.

Design the page like a welcoming reading room.

Retain the modular logic of the ratecard, but standardize it so every touchpoint feels related.

01

PROMISE

Why this matters

02

PERSPECTIVE

What Dr Santi sees

03

ACTION

What to do next

Signature sequence: Promise → Why it matters → What is included → Proof → Next step

Three tiers, one promise, increasing depth.

Each tier represents a different level of customization, resources, and follow-through - not a different level of care.

ESSENTIAL

Starting point

PRIMARY EMERALD

SIGNATURE

Deeper ritual + system

FOREST + GOLD

PREMIUM

Tailored experience

TAUPE + EMERALD

Make the recommended tier explicit only when commercially true; never rely on color alone.

Show the environment where learning happens.

Books, rooms, hands, family, community, conversation. The setting is part of the proof.

PHOTO

Natural light
Relaxed presence
Books in context
Real interaction

AVOID

Generic stage hero
Hard flash
Over-retouching
Text over faces

MOTIF

Starburst = insight, ritual, or special note.

Keep the asterisk/starburst consistent and meaningful - never random decoration.

Warm authority, never a hard sell.

The offer is experiential. Copy should make the reader imagine what changes after the seminar, not only what happens during it.

- | | | | |
|----|---------------------|--|--|
| 01 | READING RITUALS | 15-minute ritual, book selection, “what to say.” | Try the ritual |
| 02 | PARENT CONFIDENCE | Make reading feel natural at home. | Join a parent talk |
| 03 | LEARNING LEADERSHIP | Build cultures of curiosity. | Invite Dr Santi |
| 04 | BOOK & CULTURE | Stories, recommendations, reading environments. | Explore the collection |

Copy formula: human tension → perspective → concrete example → relevant invitation.

Turn interest into the right conversation.

The ratecard is a conversion asset: help a school or parent understand fit, compare depth, and make an inquiry.

INQUIRY

Date, audience,
goals, contact

CTA by context: “Invite Dr Santi” for schools/events • “Start a reading conversation” for parents/communities.

What to lock before production.

The direction is ready to translate into Figma, website variables, templates, and a refined ratecard. Confirm these decisions first.

PRIMARY GREEN	#21866F Emerald	Protects recognition
TYPOGRAPHY	Rounded sans primary	Preserves approachability
CTA	Invite Dr Santi / reading conversation	Matches audience intent
WORDMARK	Name-led + starburst secondary mark	Keeps meaning grounded
PROOF	Credentials, outcomes, permissions	Protects credibility

A brand for shared attention.

Warm. Curious. Caring. Credible. Practical.

Use the system to help more families and learning communities build a stronger reading culture.
